Mock Exam
Palazzo di Varignana, Bologna
18th, 19th and 20th November 2022

Are you an ECVDI resident taking the Certifying Exam on January 2023?
You don't want to miss this **FREE** high-quality training experience with AIS in the
amazing Italian landscape of Bologna's hills!

Learn

Prepare yourself for three full-immersion days with our special AIS instructors!

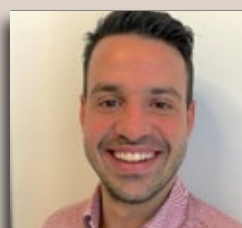

Why are they special? Because they actively contribute to our scientific
community through research, resident training and international
high-level continuing education.

Relax

You will have the opportunity to discover the real future of our profession, including artificial intelligence, structured reports and hybrid positions, while enjoying relaxing activities such as the Spa and walks through the vineyards.

Excel

This unique experience will help you facing the upcoming ECVDI exam, and, most of all, becoming a better veterinary radiologist and understand your possible future career paths.

And by the way....

You don't have to think about anything because
rooms, lunches and dinners are fully offered by AIS!

Just reserve your flight to Bologna, bring your laptop, and
join us for this dream experience!
